

## FLAT FEE PRICING

When you retain Lewicki Immigration Consulting we make sure the immigration process will go as smoothly as possible. We first evaluate and assess your qualifications through an initial consultation done by either Skype, via email, or telephone. We then provide you with the best option(s) for your immigration goals.

Lewicki Immigration Consulting offers a FLAT FEE PRICING therefore there are no surprises when it comes time to assist you with your immigration application.

Once you retain our services, we provide you with a detailed outline for the following:

- ✓ Our responsibility to you
- ✓ Your responsibility as a Client
- ✓ The fee for our services
- ✓ The fee schedule

We then collect, compile, and complete all the necessary documentation needed to support your application. Next, we prepare a detailed submission letter that will be included with your application. Then we submit your application on your behalf and communicate with the relevant Canadian officials to discuss and/or answer any questions pertaining to your application.

Finally, we provide you with the decision made by the Canadian official.

If you choose to complete your immigration application on your own, we do offer a documentation review service for a small fee.
